Sustainability in practice

Managed data
- avoids duplication
- boosts efficiency   Data as an asset
- makes research more visible
- makes results more transparent, more verifiable
- makes data more reusable
It does what good scientists are supposed to do.   [Neelie Kroes, May 2014]

==Use the 4C Roadmap==
==Promote use of CCex==

Research Council
- Data costs are eligible for funding (no extra money)
- Require Data Section in proposals and Data Mgmnt plan when granted
- Provide Infrastructures/Platforms
- Connect with the other levels in the Ecosystem(s)
